

Koinonia Partnership Agreement between Congregations and the Metropolitan Chicago Synod, ELCA

The Koinonia Leadership Project in the Metropolitan Chicago Synod, ELCA, presumes that all participating congregations will complete the entire two-year cycle Koinonia Leadership Training program and that within six months of completion of the program, they will submit an evaluation of the project to the synod council to help the council decide wisely about the continuation of the program into the future.

We, the senior pastor and officer of _____
(congregation), therefore agree that if for any reason the congregation does not complete the entire Koinonia Leadership Training (two-year cycle program) or does not submit the required evaluation to the synod council within six months of completion of the program, the money received from the synod office for this purpose will be immediately reimbursed by the congregation to the synod office for future use in synod-initiated mission projects.
